

DEC. 27th-29th | 9:30-12:30 & 13:15-16:15

Available for Grades 1&2 and Grades 3&4

English

What makes a "perfect" school day? You will be learning the "key" school subjects—English, math, health, social studies, and many more. You will also be solving puzzles, making, music, and getting some physical exercise in, too! You definitely don't want to miss out!

Science

What is a myth, and what do scientists do? During Day Camp, you are going to be a scientist! Your mission? To conduct some really neat experiments to see if some very common scientific myths are true or false! In other words, you are a Myth Buster!
